MOUNT ELLIS ACADEMY
WORK SPONSORSHIP FORM

The work sponsorship program is designed to allow a student to increase the amount he/she is paid per hour while working during the school year. It works similarly to a walk-a-thon. Students recruit friends and relatives who will guarantee to sponsor them for a specific amount per hour that they work at MEA or at a job in town.

Once the form below is completed by the student and the sponsor, it should be returned to the MEA Business Office. The Business Office will then be responsible for sending the sponsor a statement each month indicating how many hours the student worked and how much the sponsor should remit. The remittance is applied directly to the student=s account. (IRS regulations do not permit tax deductions for tuition payments made for specific students.)
